

Tenant Service-Interruption Communication Policy

Document ID	COMM-POL-2026	Status	current
Effective date	2026-01-01	Owner	Property Operations

Communication trigger

Apply this policy when a maintenance incident is expected to affect tenant service for more than 60 minutes.

Required communication steps

- Send the initial notice within 30 minutes after confirming the impact.
- State the affected service, affected area, estimated duration, and next update time.
- Send progress updates every 60 minutes while the impact continues.
- Send a closure notice after service is restored.
- Provide a closure summary within 1 business day for all P1 incidents.
